MARCIN WRZOŚ

JUNIOR FRONTEND DEVELOPER
PORTFOLIO

PROFILE

I work as a Technical Lead at Axa XL. In my current job, I am responsible for the process automation in VBA and other low-code applications such as power query. My next task is to run the meetings and present my solutions to the team and guide through the code or operational steps. I am a person who is characterized by a 'can-do' attitude and I am always trying to overcome the issue on my own.
I learn programming in a private school and have a mentor who is responsible for code review.
I build modern front-end applications in the react and typescript ecosystem, integrating with external REST API services.

HOW TO REACH ME

Phone: +48 662 623 531
Email: marcin.wrzs@gmail.com
Github: github.com/Marcinwrzs
Linkedin: in/marcin-wrzoś/
